### Store and Transport Your Files

Carry your photo album, MP3 library and all of your home or office files on this small mobile hard drive for sharing with friends, family, and colleagues wherever you go. It's very convenient for bringing with you thanks to its thin, lightweight, compact form. Designed exclusively for LaCie by the world-famous designer Sam Hecht, this elegant hard drive comes in black and white, and has a high-gloss finish with clean, simple lines. It comes with a removable cap for added protection.

### LaCie Shortcut Button

Easily launch LaCie Backup Assistant or the application or document of your choice by simply pushing the LaCie Shortcut Button on the drive. Instantly back up work files with LaCie Backup Assistant or automatically open a document you work on daily or launch your favorite application simply by pushing the button on the front of the drive. Setup is easy – just install the software and push the button to set up the button action.

### Backup Software

LaCie Little Disk comes with LaCie Backup Assistant software, which helps you to easily schedule backups. Both programs make it easy to save files in one click. Back up your photos, media files, and email effortlessly and keep your personal files and folders in a secure location. Restoring data is easy—simply use the software's Restore Wizard to recover your data in an instant.

### Easy To Install And Use

With two FireWire ports and a built-in USB cable, this convenient data shuttle can be used with almost any desktop or laptop computer. With just one simple step, this plug & play, USB-powered drive couldn't be easier to install. Just plug it in and begin to use it instantly. It's conveniently driver-free and pre-formatted for cross-platform use. The integrated, extractable USB cable pulls out and retracts so it can never be lost or forgotten. An optional USB extension cable is also included.
