Store and Transport Your Files

Carry your photo album, MP3 library and all of your home or office files on this small mobile hard drive for sharing with friends, family, and colleagues wherever you go. It's very convenient for bringing with you thanks to its thin, lightweight, compact form. Designed exclusively for LaCie by the world-famous designer Sam Hecht, this elegant black hard drive has a high-gloss finish with clean, simple lines. It comes with a removable cap for added protection.

Backup and Synchronization Software

The bundled LaCieSync: Synchronization & Encryption Software (for Windows® users) allows you to bring your important data with you safely. Just plug the drive into any PC to access and modify your files, emails (Microsoft Outlook), or personal settings and it will sync your updated data back to your office or home computer. For added security, your critical data is protected by AES 128-bit encryption. Genie® Backup Assistant for Windows and Intego® Backup Assistant for Mac are both included for saving files in one click.

LaCie Shortcut Button

Easily launch LaCie Backup Assistant or LaCieSync: Synchronization & Encryption Software or the application or document of your choice by simply pushing the LaCie Shortcut Button on the drive. Instantly back up work files with LaCie Backup Assistant or automatically open a document you work on daily or launch your favorite application simply by pushing the button on the front of the drive. Setup is easy – just install the software and push the button to set up the button action.

Easy To Install And Use

With two FireWire ports and a built-in USB cable, this convenient data shuttle can be used with almost any desktop or laptop computer. With just one simple step, this plug & play, USB-powered drive couldn't be easier to install. Just plug it in and begin to use it instantly. It's conveniently driver-free and pre-formatted for cross-platform use. The integrated, extractable USB cable pulls out and retracts so it can never be lost or forgotten. An optional USB extension cable is also included.

- Back up, synchronize, and secure your files and settings
- Easily store and carry data, music, photos and video

- Exclusive, elegant, glossy design by Sam Hecht
- LaCie Shortcut Button: launch any application in one push
